Table Trac, Inc. Signs Multi-Property Deal with the Oglala Sioux Tribe

MINNETONKA, MN, November 9, 2011 – Table Trac, Inc. (OTCQB: TBTC), a developer and provider of casino information and management systems that automate and monitor the operations of casinos, today announced the completion of a new systems contract to replace the current casino management system at The Oglala Sioux Tribe's Prairie Wind Casino along with an additional system to be installed at their new property scheduled to open later this year.

Table Trac will be providing both casino properties with a complete casino management system under the CasinoTrac™ suite of management tools, including slot accounting, patron management, player tracking; along with PromoTrac™ and KioskTrac™, Table Trac's unique revenue driving marketing and promotional products. Table Trac's solution replaces Prairie Wind Casino's existing system and is expected to be installed before the end of the year.

"Table Trac's CasinoTrac™ management system provides us with not only increased opportunities to drive casino revenues and create player excitement, but it also is an affordable solution that meets all of our marketing, operations and audit and accounting needs" said Kevin Lien, General Manager of the Prairie Wind Casino & Hotel. "The system functionality and overall ease of use will keep us competitive and allow us to spend more time with players and guests."

With an emphasis on meeting the audit and accounting functionality that today's casino operators demand while focused on driving player loyalty, Table Trac has developed the tools and resources needed to create and drive revenues with their casino management system.

Glenn Goulet, Chief Executive Officer of Table Trac, Inc., commented, "The Oglala Sioux Tribes decision to switch casino management system vendors is testament to the value proposition that our systems provide operators worldwide. We are very excited to be working with the Oglala Sioux Tribe, the nation's eighth largest Native American reservation, and are confident that our solution will greatly benefit the Tribe and all the valuable programs it supports."
