Table Trac, Inc. Signs Contract to Supply Casino Management System and Table Games Management System to New Curacao Casino

MINNETONKA, Minn., February 15, 2011 -- Table Trac, Inc. (OTC Bulletin Board: TBTC.ob), a developer and provider of casino management and table game management systems for the global gaming industry today announced that Curacao's Diamond Beach Casino has selected Table Trac as the provider of a comprehensive, total solution casino management system.

Table Trac will be providing the new Diamond Beach Casino with a complete suite of casino management products (CasinoTrac™ and TableTrac™), including slot accounting, patron management and player tracking, a table games management system, along with PromoTrac™ and KioskTrac™ Table Trac's marketing and promotional solution that assists casinos in driving player revenues.

"Table Trac is excited to be working with the Diamond Beach Casino," said Chad Hoehne, Table Trac's President. "Ours is a reliable, flexible and most important, scalable solution designed around future growth and helping casino operators drive revenues through innovative marketing tools."

The Diamond Beach Casino is located in the picturesque southeast part of Curacao near Jan Thiel Beach adjacent to the Papagayo Beach and Lounge Resort Curaçao. This is the first casino project developed in conjunction with the Papagayo Beach & Lounge Resort Curaçao.

"Table Trac's casino management system will quickly allow us to market and grow the Papagayo Beach & Lounge Resort Curaçao into one of Curacao's premier destination resorts," said Hans Slier, Owner and Director of Papagayo Beach Management N.V. "The Curacao gaming market is highly competitive and making sure that we have the proper casino management and marketing tools in place will be a tremendous benefit as we continue to expand and develop the Papagayo Beach & Lounge Resort Curaçao and surrounding areas."

"The Caribbean presents a unique opportunity for Table Trac," said Glenn Goulet, Table Trac's Executive Vice President. "Our solution is ideal for small-to-mid sized casinos looking for a casino management system that not only provides the basic slot accounting functionality, but also includes modules designed to increase revenues through exciting player promotions and player management tools. Ours is a system that is designed for both the tourist market that many of the Caribbean casinos cater to, as well as focused on the all-important locals market of residents."

About Table Trac, Inc.

Founded in 1995, Table Trac, Inc. designs, develops and sells casino information and management systems. The company has systems installed in North, South, and Central America.
