**TABLE TRAC, INC. WINS CONTRACT TO PROVIDE NAVAJO NATION  
WITH CASINO MANAGEMENT SYSTEM**

**MINNEAPOLIS, Minn., August 19th, 2010 - Table Trac, Inc. (TBTC.OB),**

**Initial Agreement with Navajo Nation Creates Potential for  
Significant Follow-On Business**

Table Trac, Inc. (OTC Bulletin Board: [TBTC](#)), a developer and provider of casino information and management systems that automate and monitor the operations of casinos, today announced that through a highly competitive procurement process, the Navajo Nation's Flowing Water Navajo Casino has selected Table Trac as provider of a comprehensive casino management system.

Table Trac will provide an array of system and technology solutions for Flowing Water Navajo Casino, including an integrated solution that will allow the casino to manage its class II games ticketing and promotions under a consolidated system approach. Table Trac will be providing the Navajo Nation with a complete suite of casino management products, including slot accounting; patron management and player tracking, along with Promo Trac, Table Trac's marketing and promotion solution that enables casino customers to convert points and promotional dollars to playable credits.

"Table Trac is committed to providing the Navajo Nation with a state-of-the-art casino management system that bridges the entire spectrum of gaming machine manufacturers and communications protocols," said Chad Hoehne, Table Trac's President. "We look forward to building a long-term partnership

with the Navajo Nation, helping them as they move their business into future phases of growth."

Flowing Water Navajo Casino is the first of two casinos planned to open in 2010 for the Navajo Nation Gaming Enterprise. Located in Chinle, Arizona in the scenic Chinle valley, the casino will offer a new entertainment venue for gaming guests. Earlier this year, the Navajo Nation unveiled plans to develop five additional casinos across the Navajo Nation – three in Arizona and two in New Mexico.

Table Trac's Casino Trac™ casino management system provides casino operators with a competitive and robust slot management system utilizing a scalable and open architecture that delivers flexibility, easy maintainability and is scalable for any size casino operation across multiple properties.
