TABLE TRAC, INC. SIGNS 5th Customer of 2010; To Provide Casino Trac Management System to Northern Winz Casino

MINNEAPOLIS MN, Sept 21st, 2010 - Table Trac, Inc. (TBTC.OB), a developer and provider of casino information and management systems that automate and monitor the operations of casinos, today announced that Northern Winz Casino in Box Elder, Montana, has selected Table Trac as provider of a new casino management system. This is the fifth new casino to select Table Trac during 2010.

"We are very pleased to be entering into this partnership with Table Trac," said Mike Devaney, General Manager of Northern Winz Casino. "Northern Winz Casino is rapidly growing and providing one of the finest gaming experiences in the region. Table Trac's new casino management system will provide us with the accounting and audit functionality that we desire, in addition to enabling us to leverage the many built in marketing capabilities as we continue to grow."

Table Trac will be providing the Chippewa Cree Tribe's Northern Winz Casino with a complete suite of casino management products, including Reflexive Rewards© patron management, along with Promo Trac, Table Trac's marketing and promotion solution that allows casino customers to convert points and promotional dollars to playable credits.

"Table Trac is excited by this new opportunity in Montana," said Chad Hoehne, Table Trac's President. "The system that we have designed will enable the Northern Winz Casino to grow and expand by leveraging the best technologies, as well as providing enhanced marketing capabilities that the casino can use to reward its players; whether through SMS text, email or direct mail, this new system will deliver exciting offers and new chances for players to play and win. In the end, this system will facilitate and empower the creative staff at Northern Winz in delivering a one of a kind entertainment experience."
