

NEWS RELEASE for TABLE TRAC, INC.

TABLE TRAC, INC. AWARDED SIGNIFICANT FOUR CASINO CONTRACT

MINNEAPOLIS, Minn., JUNE 12, 2008 - Table Trac, Inc. (TBTC.OB),

Table Trac, Inc. is pleased to announce that it has signed a contract with the Cheyenne and Arapaho Tribes for the installation of Table Trac's casino management systems at four tribal casino properties. The signing of this contract contributes greatly to the expanding Table Trac customer base and market share.

The award to Table Trac comes after a lengthy evaluation and comparison by the Cheyenne and Arapaho Tribes' management of the numerous casino management systems represented as operational in Oklahoma.

"Our commitment to evaluating and choosing the right system for our gaming operations has been a dedicated and collective effort for some time. When it came down to operating history, performance, and price, we were comfortable with our choice of Table Trac/Casino Trac," stated Chris Derenzo, spokesperson for the Tribes.

"We are honored that the Cheyenne and Arapaho Tribes have selected our systems for their properties," said Chad Hoehne, Table Trac President, "and our commitment is to implement these projects with proficiency and professionalism."

Table Trac, based in Minnetonka, Minn., has developed a patented real-time system that automates and monitors casino gaming operations.
