TABLE TRAC INC. ANNOUNCES SYSTEMS SALE TO OKLAHOMA CASINO

MINNEAPOLIS, Minn., AUG 4, 2006 - Table Trac, Inc. (TBTC.OB),

A Gaming Systems provider to small and mid-sized casinos whose patented Table Trac system monitors the operation of casino floors, is pleased to announce that it has received a contract for a systems installation in Oklahoma.

"Table Trac is pleased to announce the sale of its fully integrated casino systems to a casino in Oklahoma. This is our first sale into the growing Oklahoma market, and adds new communications technology for class II games to our proven product line," said Robert Sigveland, Director of Marketing.

"Table Trac is very excited about our receptivity in the gaming jurisdiction of Oklahoma. Oklahoma is one of the fastest growing markets in the country, and presents a real opportunity for Table Trac. Our decade long history of solid performance and support, and certainly our affordable pricing, make this an ideal market for Table Trac, because Oklahoma casinos are both discerning and budget-minded," concludes Sigveland. "We are looking forward to presenting our products at the OIGA gaming show on the 7th and 8th of August."

About Table Trac, Inc. - www.tabletrac.com

Table Trac, based in Minnetonka, Minn., has developed a patented real-time system that automates and monitors the operations of casino gaming tables. It provides casino management with comprehensive information including linking table games activity seamlessly into an automated environment that provides instant information about the entire casino's table gaming status, along with slot machine play, players club, accounting, banking and games security.

Some statements contained herein are forward-looking statements. The company's actual results may vary materially from the forward-looking statements made above due to important factors including, but not limited to, variability of order flow, future economic conditions, competitive products and pricing, new product development, the delivery of product under existing contracts and other factors. Additional information concerning factors that could cause actual results to differ materially from those in the forward-looking statements made above is contained in the following documents on file with the U.S. Securities and Exchange Commission: the company's Registration Statement on Form SB-10, filed January 13, 2000; its Form 10-KSB for the year ended December 31, 2005; and Quarter Reports for 2006 on Form 10-QSB.
