TABLE TRAC INC. ANNOUNCES ANOTHER SYSTEMS SALE

MINNEAPOLIS, Minn., August 21, 2006 - Table Trac, Inc. (TBTC.OB), a Gaming Systems provider to small and mid-sized casinos whose patented Table Trac system monitors the operation of casino floors, is pleased to announce that it has contracted for the installation of another casino system into the Menominee Casino/Hotel in Keshena, Wisconsin.

"We are pleased to announce the sale of our systems to the sixth casino in the past three months. The Menominee Casino is a popular and successful operation, and we look forward to working with their management to offer their guests the benefits included in their new Table Trac players club," states Robert Siqveland, Director of Marketing.

"Table Trac's decade long track record of successful operation continues to be recognized in the small and mid-sized gaming markets. At this point, we are ahead of our 2006 projections. In line with our history, Table Trac is directing its efforts toward those gaming operations that are budget-minded and seek responsive relationships with their systems provider. In our ten plus years of business, we have retained 100% of our customers" concludes Siqveland.

About Table Trac, Inc. - www.tabletrac.com

Table Trac, based in Minnetonka, Minn., has developed a patented real-time system that automates and monitors the operations of casino gaming tables. It provides casino management with comprehensive information including linking table games activity seamlessly into an automated environment that provides instant information about the entire casino's table gaming status, along with slot machine play, players club, accounting, banking and games security.

Some statements contained herein are forward-looking statements. The company's actual results may vary materially from the forward-looking statements made above due to important factors including, but not limited to, variability of order flow, future economic conditions, competitive products and pricing, new product development, the delivery of product under existing contracts and other factors. Additional information concerning factors that could cause actual results to differ materially from those in the forward-looking statements made above is contained in the following documents on file with the U.S. Securities and Exchange Commission: the company's Registration Statement on Form SB-10, filed January 13, 2000; its Form 10-KSB for the year ended December 31, 2001; and Quarter Reports for 2001 on Form 10-QSB.
